## Series of Chest

## Clinics in County

## Begins April 2

Rock county is to have a series of free chest clinics to be conducted by the Wisconsin Anti-Tuberculosis association and the town which will have the clinics are Janesville, April 2, at the city hall; Clinton, April 2 at the school house; and Edgerton, April 4. The building in which the Edgerton clinic is to be held will be announced later. Clinic hours each day are from 8:30 a. m. to 6 p. m. All examinations are entirely free of charge. Children under the age of 12 will be examined only accompanied by a parent or some other older person.

Prevention is the 1924 clinic slogan of the Anti-Tuberculosis Association and one of the most important steps in the prevention program is the periodic examination. Many a minor disorder is discovered in the periodic examination which, if unknown and therefore untreated, would develop into a major disease. Especially important is early discovery in the case of cancer, Bright's disease and tuberculosis. Tuberculosis is preventable and the best method of prevention, next to right living, is the discovery of conditions in the human body that provide fertile soil for tuberculous germs. If these conditions were discovered early and treated properly, thousands of cases of tuberculosis would be prevented.

For this reason it is strongly urged that the following attend the clinics: Those who have had prolonged contact with tuberculosis for the disease is communicable; those who have ever had tuberculosis and should therefore make sure that it has not returned; persons having diseases of the chest other than tuberculosis; chronic and underweight children; and all who have any of the symptoms of tuberculosis. These symptoms include: fatigue, lack of pep, loss of appetite and weight, indigestion, a persistent cough or cold, afternoon fever, weakness in the chest and sleeplessness. While none of these symptoms necessarily mean tuberculosis, each is important and should by no means be neglected. An examination at the clinic costs nothing.

## SEEK TO RELIEVE

## STRAIN ON MAINS

Plan Broached to Give Cemetery Water Without Raising Pressure.

Consideration is being given by city manager Henry Tuxley and Water Works Engineer H. A. Giffley to a plan to relieve the necessity of increasing pressure on the water mains of the city when filling the big reservoir at Oak Hill cemetery. It is pointed out that the present system is wasteful and constitutes a damaging strain on the pipes and water connections in homes.

Every Sunday morning from May to October the pumping station of the city waterworks is obliged to increase the pressure from 50 to 117 pounds for at least three hours in order to fill the 20,000 gallon tank at the cemetery. During this three-hour period it is estimated more than 10,000 gallons of water are wasted due to the high pressure that sends water through public fountains and through faulty connections in homes and business places.

For this service the water department collects \$250 a year from Oak Hill Cemetery association.

The plan being taken up with cemetery association officials by the city manager is to have the association install a 4-inch meter and electric booster pump at the entrance to the cemetery. In connection with the city mains and provide the added pressure necessary to fill the tank. This would make it possible to pump the 20,000 gallons without raising the pressure throughout the city beyond 50 pounds.

The proposal is not necessary for Mt. Olivet because that association has its own well.

## LOCAL CLINIC IS

## ATTRACTING INTEREST

Janesville's plan of operating a semi-monthly medical clinic for maternity and child welfare cases is attracting considerable attention in the state and is recognized as the only one of its kind in Wisconsin. So much interest was manifested in it at the state health conference at Madison last week that Miss Hulda Andersen, visiting nurse, was called upon to give a full telling how it is conducted and the results attained.

## NEW FIREMAN ON

## DUTY AT WEST SIDE

William Schultz, formerly a truck driver for Krause Bros., has been added as a member of the fire department, stationed at No. 1 house. He fills a vacancy created by the resignation of William Drafaul several weeks ago. Mr. Drafaul is now working for the county highway commission.

## FOOD LAW VIOLATION

Madison—False statement of facts regarding the operation of a cold storage house in Wisconsin constitutes a violation of the pure food and inspection laws, J. A. Emery, state food and dairy commissioner, was advised today by Assistant Attorney General Menzies.

ing and may save a great deal of unnecessary suffering and expense. No treatment of any kind is given at the clinic; patients are thoroughly examined and in case disorders are found are advised what to do.

## Inheritance Tax

## Law Validity to

## Face Court Test

Madison—Supreme court test of the constitutionality of the inheritance tax law passed by the 1911 legislature was in prospect Saturday, following a ruling by Judge A. G. Zimmerman in Dane county court holding the law invalid. The decision was rendered in the contest of the inheritance taxes against the estate of the late Mary T. Hill, widow of James J. Hill, builder of the Great Northern railroad. Over \$11,000 in taxes are involved in the suit.

The record shows that \$11,357 in inheritance taxes were assessed against the estate in 1912. The stock in the Northern Pacific, valued at \$242,024. Additional stock and bonds of the Chicago and North-western railroad were valued at \$145,001. The question has been raised as to whether the ruling of the supreme court declaring a part of the inheritance tax law unconstitutional, makes the remainder of the law inoperative. A question of whether the state has a right to tax bonds of any corporation where both bonds and owner are outside the state also is involved.

## 200 PATIENTS AND

## NO DEATHS, RECORD

Edgerton Memorial Hospital Establishes Mark for Seven Months.

Edgerton—With death yet to win in a struggle for the life of a patient, the Edgerton Memorial hospital, operating seven months, has a record of handling 200 patients and nursing all of them back to health. In this hospital, which was opened Aug. 22, 1913, as Edgerton's recovery of the service of its own in the World war, 37 new residents of the city have been ushered into the ward and all have lived as long as the mothers. Fifteen accident cases are among those successfully cared for at the hospital. Four former service men have been given free hospitalization.

Edgerton is proud of its hospital and many are the donations from organizations and individuals that have been received to aid in equipping it as an up-to-date institution. It has had as high as 20 patients in the hospital at one time and the lowest number is three.

The staff is composed of four nurses, an office girl, two cooks and a janitor.

## MALT COMPANY CHARTERED

Madison — Charter was granted by the secretary of state to the Fleischmann Malt company, an Ohio corporation capitalized at \$2,600,000. Wisconsin headquarters will be at Watertown.

## LOCKS ARE OVERHAULED

Panama—Work of overhauling the Gatun locks was completed.

## Engine Cab Case

## Argued Tuesday

Madison—Validity of the state law passed by the last legislature authorizing the state railroad commission to issue regulations for cab curtains on railroad locomotives and an order issued by the commission on such curtains, will be argued in superior court here tomorrow. It was announced today.

The test case was brought by the Chicago, Milwaukee & St. Paul, Chicago, Milwaukee & St. Paul, Minneapolis and Omaha, and Chicago & North-western railroads. The carriers ask for an injunction enjoining the commission from enforcing its order and also from putting into effect the provisions of the cab curtain law.

The contest is the largest development of the movement of labor unions of the state to obtain protective regulations for locomotive engineers and firemen. An active campaign for enactment of such legislation was carried on by the unions in the last legislature and the law was passed. Following the issuance of regulations under the law by the railroad commission, the carriers went into the courts and are now seeking to have the cab curtain law declared unconstitutional. The case probably will be carried to the supreme court for adjudication.

# The World's Record

THE Metropolitan is mutually owned by its 21,000,000 policyholders. Its assets belong to the policyholders. They are accumulated to meet policy obligations and for no other purpose. Every policyholder is a capitalist—an investor—and his interest should be recognized by legislators and commissioners. The policyholders own over \$313,000,000 in railroad securities; \$606,000,000 in real estate mortgages; \$80,000,000 in public utility bonds; \$200,000,000 in Government obligations.

One person in every six in the United States and Canada is a holder of a Metropolitan policy—one of the safest forms of investment.

In 1923 the Metropolitan grew faster than any other life insurance company in the world; grew in income—in assets—and in the effectiveness of its campaign for better health for the whole country.

The Metropolitan sends trained nurses to the homes of thousands of industrial (i. e. weekly premium) policyholders when they are sick. In 1923 these nurses made 2,482,919 visits.

While the average life span in the general population of the United States is 52½ years greater than it was 11 years ago, the life span of the industrial policyholders of the Metropolitan increased nearly 8½ years in the same interval. This greater gain has resulted in large part from the Metropolitan's Health Service.

During 1923 the Metropolitan distributed 53,790,840 booklets and pamphlets dealing with health, general welfare and longer life. The total number of pieces distributed to date amounts to 305,990,507.

The Metropolitan arranges for free periodic health examinations for holders of Ordinary policies. Among those who availed themselves of this privilege, the death rate was found to be 26% lower than was expected for the group.

The Metropolitan cooperates with the companies to which it has issued group insurance for their employees—cooperates not only in giving insurance protection but also to promote better health, better working conditions, better living conditions and happier social conditions.

Life Insurance, which cares for the home and family, is born of a deep sense of responsibility. When millions of people join in a mutual sharing of this responsibility the result is the splendid picture shown in the 1923 report of the Metropolitan Life Insurance Company. Never before has the world seen such a Business Statement nor had such an opportunity to look into the hearts of men and women, and to find there—Kindness.

Haley Pike, President.

## OBITUARY

**Mrs. H. O. Barton.**  
Mrs. H. O. Barton, 28, a former resident of Janesville, died in Chicago at 12:20 a. m. Saturday, according to word received by friends in Janesville. She will be buried at Neenah, Tuesday.

Mrs. Barton was born Feb. 22, 1895, and was married in Beloit, Sept. 11, 1915. For four years she was employed in the T. P. Harris company store in Janesville and her husband worked at the Janesville Machine company.

The family left this city about 15 months ago and moved to Iron Mountain, Mich. She is survived by her husband, a four months' old daughter, and Mr. Barton's mother.

## FIREMEN OUT ON THREE BOX ALARMS

Firemen were called out three times over the week-end by box alarms, one of which was false. The first call was at 4:05 p. m. Saturday, from box 47, taking the department to the home of L. H. Giesse, 320 Park avenue, where a rooming house fire had broken out. The fire was extinguished with hand pumps. Stations 1 and 2 responded. No. 2 company remaining in the house on all calls in this section. A second fire at the home of Frank Schuler, 337 North Pearl street, resulted in an alarm from box 13 at 11:30 a. m. Sunday. There was no loss. The false alarm was at 10:45 p. m. Sunday from box 211 and called out the entire department.

## Notice of Judicial, Delegate and Referendum Election

Office of County Clerk  
March 24th, 1924.

**TO THE ELECTORS OF ROCK COUNTY:**  
Notice is hereby given that a Judicial, Referendum, and Delegate Election is to be held in the several towns, wards, villages and election precincts in the county of Rock, on the 1st day of April, 1924, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to or filed in this office, are given under the title of the office and under the appropriate party or other designation, each in its proper column, together with the question submitted to a vote in the sample ballot below.

**INFORMATION TO VOTERS**  
The following instructions are given for the information and guidance of voters: A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names or initials of both ballot clerks and no other ballot can be used. Upon receiving his ballot, the voter must retire alone to the booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for.

If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked it should be folded so that the inside cannot be seen, but so that the printed endorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth, or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot, can have assistance of one or two election officers in marking the same, to be chosen by the voter, and if he declares that he is totally blind he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath, in his discretion, as to such person's disability. The following is a facsimile of the official ballot:

**OFFICIAL BALLOT FOR DELEGATE ELECTION**

Busy Man's Sport Page

By FRANK SINCLAIR

THE DIRECTORS of the Southern Wisconsin Home Talent baseball league were meeting at Edgerton Sunday afternoon. After the strenuous indoor sport of drawing a season's schedule, they were discussing the differences between the amateur and the professional. Up spoke George Crandall of Milton American Legion team and coach at Milton college. "What the trouble seems to me is that they are trying to clamp the rules down too tight upon the amateur, whereas they should be trying to bring the professional down more nearly toward the amateur. Amateurism is a wonderful thing as an ideal, someone pined up, and the fight of the present day is not against the high class professional, but against the indifferent, clumsy and money-first attitude of the mediocre professional."

THE PINNACLE of the Southern Wisconsin league is the game and take spirit demonstrated by the several teams. In drawing the schedule Sunday, there was no real contest about the differences between the amateur and the professional. Up spoke George Crandall of Milton American Legion team and coach at Milton college. "What the trouble seems to me is that they are trying to clamp the rules down too tight upon the amateur, whereas they should be trying to bring the professional down more nearly toward the amateur. Amateurism is a wonderful thing as an ideal, someone pined up, and the fight of the present day is not against the high class professional, but against the indifferent, clumsy and money-first attitude of the mediocre professional."

NOT LONG ago the business men of Port Atkinson turned over \$400 to the American Legion baseball team of that city to be used for the purchase of new uniforms and equipment. It was Frank's idea of standing behind the boys and demonstrating that it is believed in good, clean sport as demonstrated in the home talent game. May the suggestion be made that such a step would be a nice thing for the merchants of Janesville to do? The booster team has brought some wonderful advertising in this city and its work has helped to draw trade here. The Post plan provides that the advertisement of the donor shall be carried on the backs of the uniforms so that each of the 12 units will carry the name of one of the contributors. It is a plan whereby the merchant gets value for his money. How about it?

Home League Keeps 16-Game Schedule: "Y" Wins

BOOSTERS TO OPEN OVER AT EDGERTON, FIVE A. L. TEAMS

By Staff Correspondent  
Edgerton's 16-game schedule for the Southern Wisconsin Home Talent baseball league was drawn up Sunday at a meeting of the board of directors in the Carlton hotel here. The club is to play 16 games as last year with eight games at home and eight on the road.

The Janesville Boosters will play their first game at Edgerton, Port Atkinson will open at home against Milton and Broadhead will draw the curtain at Cambridge.

The season will open on Sunday, May 11, and close on Sunday, Aug. 24. Two new teams are in the circuit this year. Broadhead has replaced Broadhead and Milton has taken the place of Stoutsville, both of which withdrew. Stoutsville has given up baseball, while Broadhead has come into the Jefferson county home talent league.

Five of the teams in the Southern Wisconsin league represent American Legion teams. The only club not connected with the legion is the new team Janesville, which will continue as an independent organization. George A. Crandall, coach of Milton college, accepted the franchise for the Janesville team, which will continue as an independent organization.

Games of the Milton club will be played at "Charley Bluff," where a new infield will be constructed. A new baseball diamond will be made for the Broadhead team at Bluff View park, several miles west of Broadhead, giving that team considerable drawing power from Monroe.

These at Sunday's meeting were: Frank Wittig and Earl Shaw, Edgerton; George Crandall, Milton; Kirsow, Cambridge; and P. M. Haller, William MacAniff and Frank Sinclair, Janesville.

# Celebrating Our 32nd Anniversary

We extend to you a very urgent invitation to attend this doubly important and memorable occasion beginning Wednesday evening March 26th and continuing throughout the week. We want you to come, not only to enjoy the beautiful new spring modes, but to help us celebrate our Anniversary of 32 years business in Janesville. Our appreciation of what you have made it possible for us to do in this space of time, can be shown by our increasing efforts in offering this community better store service from year to year.

This store opened up 32 years ago with a stock of Men's Clothing and Furnishings occupying a very small amount of floor space. Our store began to grow shortly afterwards, more space was taken and a complete line of Men's and Women's Shoes was added, and for many years it was known as a clothing and shoe store. Having confidence in Janesville and feeling the necessity for a bigger and greater store, we began to take on additional floor space and nine years ago the 17th of this month, we opened up with a complete stock of Dry Goods, Women's, Misses' and Children's Wearing Apparel and Furnishings. Today we have a complete department store, occupying two floors with 30,000 square feet of floor space.

Only recently the store has been undergoing many beneficial changes. The main aisles have been made more spacious. The Shoe department has been moved to more desirable quarters across the rear end of the store, making this department the most up to date in the city. The Men's Furnishing Department now occupies the space that the Shoe Department held, making the Men's Clothing, Shoes and Furnishings Departments more spacious and exclusive. New office has been installed in the rear end of the store. Dry Goods entrance, additional space and rooms fitted for the handling of our Drapery and Curtain material on main floor. With this additional space we intend to carry a full and up to date line of these materials which we believe will be highly welcomed.

While our 2nd floor departments do not need any introduction, we want to say that many changes have taken place. The Infants' department has been moved to new quarters, which gives you easy access to the department on stepping off the elevator. Our Knit Underwear for Misses, Women and Children, will be found on the 2nd floor.

With these many changes for the betterment of the store, we believe this community will welcome this as one of the best and most modern stores in Wisconsin.
